ALL NEW FOR 2020

VIPER®
SMART**START** 5.3

Real Time Status is Here...

SmartStart now delivers the same experience as a 2 way remote. Know the exact status of your vehicle via the new Real Time Status bar as soon as you open the SmartStart app.

- Remote Start running? Check

- Remaining Run time? Check

- Doors locked? Check

- Doors/hood/trunk open? Check

Get instantly notified when any monitored vehicle status changes.

Additional Status Page Features:

- Battery Voltage

- Fuel Level

- Odometer

Note: New features are vehicle specific, and some features may not be supported in every vehicle.

Requires Directed/Viper SmartStart 5.3 or newer app on iOS or Android.

Real Time Status requires a SmartStart Pro with any **DS4** or Directed Digital System or a Connect with a **DS4**.
